Dear Reading Aspirants

Warm Greetings to You All !

The 71st Annual College Magazine that you hold in your hand portrays the various activities carried out in the college. It exemplars the achievement of our college in the last academic year. The details provided in the magazine on the achievements in academic and non-academic activities is a march towards our goals which is the combined effort and the involvement evinced by the Management, the Principal the members of the faculty, supporting staff and the student community. As it is aptly said by Nelson Mandela, "Education is the most powerful weapon which you can use to change the world," with the present technology, an institution is said to have the power of changing the world than a society. The teachers play a pivotal role in shaping the younger generation, the future pillars of the society. It is said that on average, a teacher may affect the lives of as many as 3000 students during their career. The teachers are instrumental in bringing such change. Other than contributing to the knowledge and the skills of the students which are essential for the future of the individuals, the society and the country, they have the highest responsibility of making the students a good citizen. Hence, as viewed by our former President of India, Dr. A.P.J. Abdul Kalam, "The teaching profession is the noblest profession". Hence, building positive relationship with students and caring them is essential for students' academic success and for their social and emotional well being. Relationship mapping can go a long way in improving the student-teacher relationship.

As the editor of this in-house magazine, my message to our beloved students is to have a high esteem of your teachers. Obey them, learn as far as you could and follow them. Then you will become a fine, respectful and dignified individual in this society. At this juncture,

EDITORIAL

I record my appreciation to the students and the teaching fraternity for their contributions.

The role of students does not end with the class room. It goes beyond the institution in promoting social responsibilities, which are to be carried out only through the participation and involvement of the students. Campus discipline should be their priority. The discipline in the campus includes being active, well focused on the goal - learning, self control, good academic performance and giving respect to the parents and elders, helping the needy, protecting the environment and helping the society. Such activities would never go unrewarded. In fact, it would bring laurels to your teachers and to our institution. Hence, a self-disciplined man is a good cultured man.

I extend my gratitude to the members of the management, the faculty members, supporting staff and the members of the editorial committee for their constant and untiring efforts to bring the Annual Magazine triumphantly.

Chairman – Secretary's Message

Our zealous quest for education

“Men may come and men may go, but I go on forever” - The Brook, Lord Alfred Tennyson

Humans are mortal but nature is eternal. At the outset, let me pay my tributes to all those who have labored relentlessly for the past 70 years to make our institution S.T.Hindu College shine as the eternal star for ever and ever. This year's magazine rolling up in your hand is a veritable compendium with a lot of contributions from our faculties and students and has a section carrying the publications of sports activities for which our college is well known.

Every time when we venture into new endeavors, we seek blessings from the Lord Ganapathy in our College campus to make them into achievements. By His grace, our comprehensive efforts with perseverance gave us the fortitude of appointing 23 teaching faculties in different departments and 31 non-teaching staffs to make our institution full fledged with employees. This humongous unprecedented accomplishment has been applauded with acclamation from every nook and cranny. Today, higher education in every field is being increasingly enkindled by technological advancements. 70 years of our proven capability as a pioneer in this realm, is serving as a potential source for keeping pace with the rapidly changing facets of our educational policy. We are being admired and lauded for the way we are nurturing our students with truly kind and down to earth interpersonal relationships while levying the lowest minimum fees from the students joining the self supporting course, all the while providing the highest standard of education.

During my tenure in office as the Chairman Secretary of the college for the past 3 years, I have worked with my heart and soul to give a face lift to our prestigious institution, with the help of the unstinting support from our Board of directors and the Shareholders. To celebrate this year's Founders' Day, we erected a Manimandapam to commemorate the 8 founders who formed the structural foundation of our College; a new Seminar Hall named after one of the founders B. Namasivayam Pillai and a new Economics Block bearing the name of the legendary past Principal of our College, Prof. L. C. Thanu. The attractive front elevation of our Kamaraj Building carries the immutable sculpture of my mentor and past Chairman Mr. P. Arumugam Pillai giving a brand new face to the latest facilities of our college. The inauguration of the state of the art Digital Learning Center by the Father of Brahmos Aerospace, Padma Bhushan Dr A. Sivathanu Pillai, in the presence of the sponsor of the center, Dr M. Arumugam, has projected our center as a trailblazer in Tamil Nadu.

Let me express my sincere and heartfelt gratitude to the valuable service rendered by the founders and shareholders. I am deeply indebted to the Board of Directors for supporting me wholeheartedly to implement the policies of the management. Last but certainly not the least, my cordial thanks to the Principal of our S.T. Hindu College. Dr. T Chithambarathanu, Director of SS Course Dr. B. Sivakami and Principal of Our College of Education Dr. Kumari Asha who together make our institution a temple of knowledge. Together, let us strive hard for the upliftment of our distinguished college with sincerity and piety.

Annual Report

*Om Namo Siddhi Vinayakaya Sarva Kaarya Kartrey
Sarva Vighna Prashamnaya Sarvarjaya Vashyakarnaya
Sarvajana Sarvastru Purush Aakarshanaya Shreeng Om Swaha!!*

Let us fervently invoke the blessings of Lord Vinayaka, the God of Achievement and Spiritual Enlightenment and the one who makes every endeavor possible. To beseech Lord Vinayaka's blessings is to ensure that the day is filled with positive energy and to arrive at a smooth and successful conclusion.

Most Respected Chairman Dr.A.Nagarajan, Chief Guest Dr. N. Chandrasekar, Vice-Chancellor of Manonmaniam Sundaranar University Vice-Chairman Sri. S. Gopalan, Secretary Sri. M. Krishna Pillai, Joint Secretary Sri. V. Nagarajan, Treasurer Sri. K.M. Kumaraswamy, Board of Directors of the Management, Shareholders, Distinguished Invitees, Guests, Learned Colleagues of various Departments, Parents of my dear students, electronic and print media friends, well-wishers and my dear students, I cordially welcome you all for the 71st year College Day celebration.

Honesty, Integrity, Generosity of spirit and service to the society are the values of our prestigious institution. As the Principal of this institution, S.T.Hindu College, I feel extremely elated to pen a few words on the glorious achievement of our institution and indeed this in-house magazine is a record of our 71st year of jubilation.

Blessed by the celestial vision of Goddess Saraswati and Lord Vinayaka, our institution is taking its giant step forward by entering into its 71st year of celebration and marching towards the Platinum Years of Jubilation. With a great sense of pride, I as the Principal of this esteemed institution have always been futuristic in ensuring that S.T.Hindu College

approaches its centenary year and holds a strong position to move forward into its next century. The primary role of a Principal in sustaining the prestige of an institution is to ensure on the one hand of being educationally progressive and bringing about essential change, whilst on the other in protecting and instilling the core values of integrity, honesty and service which have always remained sacrosanct. By the grace of God, my passionate views of modernizing education and bringing about innovation in the curricular aspects in preparing the students community for a career-oriented future was made possible through my tenure as the Member- Syndicate (2019-2022) of Manonmaniam Sundaranar University. When you consider academic, extra-curricular, structural, infrastructural and administrative initiatives over the past years the number of significant initiatives is numerous.

The infrastructure of a college plays a vital role in the development of the college. Our college has an excellent infrastructure facility. Academic infrastructure includes the construction of the New Seminar Hall (Namasivayam Pillai Seminar Hall), L C Thanu Building, Inauguration of Founders' Memorial, Digital Learning Centre for Research Scholars, Women Staff Waiting Room and Gym. Here, I record my sincere gratitude to Dr.M.Arumugam, Managing Director, Broad Line Technologies Private Ltd.Chennai for his philanthropic contribution to construct the Digital

Learning Centre and I also gratefully thank Padma Bhushan Dr. A. Sivathanu Pillai, Father of BrahMos Aerospace for having inaugurated the Digital Learning Centre. Students support infrastructure includes Seminar Hall, Well-equipped Laboratories, the renovation and extension of Students Waiting Room, new washrooms for the welfare of the women students and Students Recreation Centre such as Canteen and the food centre stands proof to the progress of our institution's infrastructural development during the last year. Added to this, our college boasts of its healthcare infrastructure with the construction of the new Medical Counseling Centre for our students. Many of these could not have been achieved without the support of the Management and Board Members. At this juncture, I thank them whole heartedly for their constant support.

There has been huge success in the significant curriculum development. Our students proved their mettle in both curricular and extracurricular activities through the many victories of our sports team, the brilliant performances of cultural groups and the spectacular cultural shows. S.T. Hindu College is relentless in its pursuit to achieve excellence. Our resolution is to furnish our students with innovative and profound knowledge, to instil moral values and inculcate in them the skills and attributes of a critical and analytical thinker. We prepare our students to optimistically face the challenges of the highly competitive world for career advancement and also nurture them to become responsible citizens of a progressing nation.

Our college has a highly skilled, dedicated and proficient teaching fraternity who facilitate these students to keep abreast with academic challenges and development. Our college encourages and motivates our students' involvement in social activities to promote integrity and generosity of spirit among the society. At this juncture, I take pride in thanking my dear students who have brought recognition to the college by winning accolades nationally. The college spurs its students to participate in the activities of the NSS, NCC, cultural activities, yoga, sports and other social services for a holistic development. The college strongly believes that co-curricular activities complement academics for shaping the overall personality of

students. College Day, Sports Day, Women's Day and Founders' Day are also organized and celebrated with great zest and zeal. I extend my gratitude to Dr. B. S. Vijayalakshmi, DRO, Project Manager, RUSA State Project Directorate, Tamil Nadu for instilling the courage and confidence in our students and showing the way to crack competitive examinations. She has also assured us that she is willing to create awareness, assist, guide and motivate our students to confidently face academic challenges in future. There has been an impressive recruitment of the students in various sectors through the efforts of the Placement Cell. Our college sports team have won accolades in State, University and National level competition. Kudos to our sports team. The college with its lush greenery provides an eco-friendly environment for our students, and great efforts are taken by Women Students' Welfare Committee and Grievances and Redressal Cell, in preventing ragging, and Redressal Committee for Sexual Harassment of Women in protecting their rights and cultivating a positive mindset in students to enhance their emotional health. Our college strives hard to promote the socio-economic status of the marginalized section and the differently abled students through various scholarship programmes.

The college magazine provides a forum to bring out the latent creative abilities of the students. I record my appreciation both for the teaching fraternity and the student contributors who have exhibited their creative talents as well as societal concerns through their valuable contribution. Laudable work has been done by the editorial team in conceptualizing and meticulously planning the framework of this magazine. The editorial team has taken strenuous effort in recording the glorious achievements of our College in the academic year 2022- 2023. I express my heartfelt gratitude to the editorial committee members Dr. C.A. Sham Shankar, Dr. S. Mangaiyarkarasi, Dr. D.G.M. Victoria, Dr. V. S. Shiny Dr. G. Nageshwari and Dr. M. Shyla Kumari, for their unflinching support in bringing out the 2023 in-house magazine in an exuberant way.

Dear students and faculty members, I ardently wish and pray that you develop a versatile personality during your stay in this temple of learning. A famous Sanskrit Shloka says, "Vidyadhanam sarvadhanam

pradhanam,” which means, “Knowledge is such wealth that increases when you spend it” and let this be your mantra for the forthcoming prosperous years. With the support of our dedicated teaching fraternity, non-teaching staff, visionary management and parents and well-wishers, dear students kindly inculcate social and moral values and take pride in the glory of our institution, nation and culture and mould yourself into good human beings and confident leaders. Dear students, remember Dr.A.P.J. Abdul Kalam’s words that your future is created by what you do today and not tomorrow.

My ardent prayers and best wishes for your bright future.

Conclusion

What a marvelous year it had been! I take much pride in the glorious achievement of our college. Indeed, it has been a great pleasure working in this renowned institution for 35 years, and as the Principal for the last seven years (2016-2023). Here, I record my special thanks to Sri. T.S. Ramasamy Chairman-Secretary who appointed me as an Assistant Professor in the year 1988. Now it is about saying goodbye and celebrating what has been achieved in the last seven years of my term as the Principal of this magnificent institution and also sharing my blessings with you. As I bid farewell this year, I record my proudest and favorite moments here. I proudly beat my heart to glory when I look back at the long journey I have travelled in my alma mater where my formative years of life have been shaped to glory. My alma mater S.T.Hindu College, has cradled me, nursed me, protected me and guided me to the eternity period of holding various privileged positions. To serve as the Principal in my alma mater is the divine blessing showered on me by our presiding deity Lord Vinayaga. The extension of two more years of service as the

Principal of this institution is an added blessing to prove my calibre in facing the academic challenges during the COVID-19 pandemic.

When I look back reminiscing the proudest moments in my life, I raise my head in pride by recalling the memories of the various dignified positions I have held. I have served as a Senate Member, (2010-2013) Member-Syndicate (2019-2022) of M.S University, IQAC Coordinator in paving way for NAAC accreditation of 'A' status, President of the Principal's Association and as the Chairperson of NIRF achieving within the rank band of 151-200, are all pinnacle of my glorious achievements. Milestones to further achievements and blessed memories are the Kumbabhishegam of our presiding deity Lord Vinayaka, ISRO Space Programme, Silver Jubilee Celebration of Self-Financing, and the Inauguration of Digital Learning Centre for students and Research Scholars are my greatest achievements and my crowning glory.

Now it is time to bid adieu and it is hard to believe that my wonderful journey has come to an end after many trials and tribulations. I take this opportunity to thank the Management, Board Members, Shareholders, teaching fraternity especially Dr. Tamilarutselvi (HOD of Zoology) for rendering her continual support as the Vice-Principal, Dr. Swaminathan (Rtd. Professor of Mathematics), Dr. A. Vinayagaram, Mr. C.L. Jackson Paul Durai, Physical Director for their cordial assistance in maintaining the discipline of our college. I also extend my thanks to Dr. B. Uma Devi for having served as Deputy Warden of Women's Hostel and Dr. A. Kumaraswamy, and Dr. R. Krishna Sharma in assisting me to achieve the NIRF status (Rank band within 151-200) and non-teaching staff especially Superintendent Tmt. S. Premakumari, Thiru. C. Ramaswamy Pillai, Thiru. M. Muhunthan, Mrs. B. Valliammal and other non-teaching staff, and management staff particularly

Thiru. V. Gandhinathan, Thiru. A. Nagarajan, Dr. B. Sivagami, Director of Self Supporting Courses, Dr. S. Surendran, Co-ordinator of NAAN MUDHALVAN Scheme, Dr. P. Muthukrishnan, Co-ordinator of IGNOU for their persistent support, and all my friends and well-wishers for their relentless support in making this journey beneficial for the welfare of the students and the society. From the Hindu perspective, all of life is sacred and performing our duties is dharma. To quote the scriptures, Bhagavat Gita says, "You have a right to perform your prescribed duty, but you are not entitled to the fruits of action. Never consider yourself to be the cause of the results of your activities, and never be attached to not doing your duties."

செயலை செய்வதற்கு மட்டுமே

பலனில் ஒருபோதும் இல்லை.
பலன் என்பது இல்லவே இல்லை
என்றேண்ணிக் கொள்.
பலனில் மீது ஆசைகூட
வைக்காதே. செயல் செய்வதில்
நம்பிக்கையின்மையும்
இருக்கக் கூடாது.
பகவத் கீதை 2.47.

I have followed this in my tenure as the Principal of this esteemed institution with great sense of satisfaction. I have dedicated my service and worked for the betterment of this institution.

I gratefully acknowledge all the good souls who have been the pillars of my strength and I humbly bow my head in adoration to this temple of learning, S.T. Hindu College which has conferred all honours upon me. May the benevolent God's blessings be showered on all and may you all be blessed with divine protection.

Thank You.

கல்லூரி காலங்கள்

மழையென சாரலாய் சில காலம்,
மனதை விட்டு நீங்காத ஒரு காலம்...
கல்லூரி கனவுகளை சுமந்து வந்தோம்,
கல்வி சிறகுகள் ஏந்தி பறந்தோம்.
அறிவும், ஆற்றலும் பெருகி ஓடுமோ,
அனுபவ ஆசான்களின் உரைதனைக் கேட்கையில்,
கல்லூரி காலங்கள் இனியும்தான் தொடருமோ,
கடந்து வந்த பாதை என்றும் நினைவில்.
அரவணக்கும் ஆசிரியர்கள் ஒரு பக்கம் - அது
அன்பையும் பண்பையும் பொழியும் பக்கம்.
நண்பர்கள் கூட்டமாய் சிரித்தது சில நாட்கள்,
நம்மை செதுக்கிய வகுப்பின் சிறந்த நாட்கள்.
உணர்வுகளால் இணைக்கப்பட்ட குடும்பம்,
உண்மையான என்றும் தொடரும் பந்தம்.
சுமந்து செல்ல சில நினைவுகள் பையிலே,
சுகமான நினைவுகள் அசைபோடும் மனதிலே.
சொல்லால் செதுக்க வார்த்தையில்லை,
சொல்லப்படாத நினைவுகளுடன் - என் நெஞ்சம்
ஓடிய காலங்கள் வருவதில்லை - இது
ஓர் குடும்பமாய் தொடரும் பந்தம்.
சுமந்து செல்ல சில நினைவுகள் பையிலே,

முன்னுரை:

“புதியதோர் உலகம் செய்வோம் - கெட்ட
போரிடும் உலகத்தை வேரோடு சாய்ப்போம்”

என்றார் புரட்சிக் கவிஞர் பாரதிதாசன்.

“உருவாக்குவோம் ஒப்பில்லா சமுதாயத்தை
உவப்புடன் ஒன்றுக்கடியே”

என்றார் பாரதி.

இன்றைய உலகில் பெண்ணடிமை, தீண்டாமை,
சமய வெறி, சாதி வெறி போன்ற சமூக சீர்கேடுகள்
நிறைந்துள்ளன. பண வெறி, பதவி வெறி போன்றவை
மலிந்து காணப்படுகின்றன. இக்கொடுமைகளை
ஒழித்துப் புதிய உலகம் படைக்க வேண்டும் என்பதே
விருப்பம். புதிய உலகம் படைக்க வேண்டுமென்ற
கருத்தினை இக்கட்டுரை எடுத்துரைக்கின்றது.

“எல்லார்க்கும் எல்லாம்என் றிருப்ப தான
இடம் நோக்கி நடக்கின்ற திந்த வையம்
கல்லாரைக் காணுங்கால் கல்வி நல்காகக்
கசடர்க்குந் தூக்குமரம் அங்கே உண்டாம்”

என்றார் புரட்சிக் கவிஞர். கல்வியே சிந்தனைக்கு
அடிப்படை. ஆதலால், எட்டாம் வகுப்பு வரையாவது
கட்டாயக் கல்வி வழங்கப் பெற வேண்டும்.

பெண்ணுரிமை:

“ஆணும் பெண்ணும் நிகரெனக் கொள்வதால்
அறிவில் ஒங்கி, இவ் வையம் தழைக்குமாம்”

என்றுரைத்தவர் பாரதி. ஆதலால், ஆணுக்குள்ள
உரிமைகள் அனைத்தும் பெண்ணுக்கும் தரப்பெறல்
வேண்டும். கல்பனா சாவ்லா போன்ற இந்தியப்
பெண்களில் பலர் விண்வெளியை சுற்றி சாதனைப்
பெண்களாக வலம் வர வேண்டும்.

ஒன்றே குலம் ஒருவனே தேவன்:

“பிறப்பொக்கும் எல்லா உயிர்க்கும்” என்பது
வள்ளுவர் வாக்கு. “கலப்பு மணம் ஒன்றே சாதி நோய்க்கு”
மருந்து என்றார் திரு.வி.க. ஆதலால் கலப்பு மணம்
புரிந்தோரின் குழந்தைகளுக்குக் கல்வி, வேலைவாய்ப்பு
முதலியவற்றில் கட்டாய இட ஒதுக்கீடு செய்து,
அவ்வொதுக்கீட்டு விழுக்காட்டை ஆண்டுதோறும்
அதிகப்படுத்த வேண்டும். “ஒன்றே குலம் ஒருவனே
தேவன்” என்ற திருமூலரின் நெறிமுறைகளை மக்கள்
உணர்ந்து விட்டால் சாதி வெறியும், சமய வெறியும்
நீங்கும், சமுதாயம் ஒங்கும்.

பொருளாதாரச் சமநிலை:

உழவையும் தொழிலையும் பெருக்கிச் சுரண்டலைத்
தடுத்தால் பொருளாதாரச் சமநிலை ஏற்படும்.
குடும்பத்தில் ஒருவருக்கே அரசுப் பணி என்று
சட்டம் செய்து, அரசுப் பணியைப் பரவலாக்கியும்
சொந்தத் தொழில் செய்வோர்க்குக் கடனுதவி
வழங்கியும் ஊக்குவித்தல் வேண்டும்.

ஆக்கத்திற்கே அறிவியல்:

மூன்றாம் உலகப்போர் மூண்டுவிடாமல்
இருக்கவும், உலக அமைதி காக்கவும் அறிவியல்
ஆக்கத்திற்கே பயன்படுத்த அனைத்து நாடுகளும்
முன்வர வேண்டும். குறிப்பாக, வல்லரசுகள்
நல்லரசுகளாக வேண்டும்.

முதியோர் கனவே நனவாக்குவோம்:

“எங்கணும் தொழில்மயம் எங்கணும் கலைமயம்
பொங்குமோர் சுகம்வரும் புதியதோர் உலகிலே”
என்னும் கண்ணதாசன் கனவே நனவாக்குவோம்.

“எந்நாளும் உலகில் ஏமாற்றும் வழிகள்
இல்லாத நன்னாளை உண்டாக்கணும்”
என்னும் பட்டுக்கோட்டையார் ஆசையை
நிறைவேற்றுவோம்.

அரசியல் மாற்றம்:

நாளைய உலகை உருவாக்கும் மாணவ சமுதாயம் அரசியல் வாழ்வில் எழுச்சிமிகு ஈடுபாடு கொண்டு அரசியல் சீர்கேடுகளை நீக்கி ஊழலற்ற மக்கள் நலனுக்காகவும் புதிய உலகம் படைக்க அரசியலுக்கு தங்களை அர்ப்பணிக்க வேண்டும்.

ஜெயித்துக் காட்டுவோம்:

புதிய உலகம் படைக்க அப்துல்கலாம் போன்று அறிவு, உழைப்பு, தைரியம் தேவையாகின்றது. நீ யாராக இருந்தாலும் பரவாயில்லை. நீ எண்ணுவது விண் மீனாக இருந்தாலும், உன் உழைப்பால் நீ எண்ணியது வந்து சேரும். “நீ நீயாக இரு.”

ஒவ்வொருவரும் தனித்துவத்தோடு இருந்தால் ஏராளமான படைப்புகள் உண்டாகும் என்பதில் ஐயமில்லை. கல்வி கற்றிருந்தாலும் தன்னை

நன்கு அறிந்தவன்தான் கல்விமான். ஐன்ஸ்டீன் வாழ்வில் அவர் சாதிப்பதற்கு உறு துணையாக இருந்தது புத்தகங்கள் தான். ஆதலால் ஏராளமான புத்தகங்களைப் படித்து, புதிய உலகம் படைக்க முயலுவோம்.

முடிவுரை:

வெற்றி என்பது இறுதிப்புள்ளி,
தோல்வி என்பது இடைப்புள்ளி,

மன உறுதியுடன் இடைப்புள்ளிகளை தோல்வியடையச் செய்து வெற்றி படைப்போம். பாரதி கண்ட ஒப்பில்லாத சமுதாயத்தைப் புதிதாய் படைப்போம். எழுவோம் வீறு கொண்டு! வீழ்வின்றி வெற்றி படைப்போம்! எழுக மாணவர் சமுதாயம்! புதியதோர் உலகிலே!

பெற்றோரைப் பேணுவோம்

பார்வதி - சின்னசாமி தம்பதியருக்கு ராமன், ராஜன், மாறன் என மூன்று ஆண் பிள்ளைகள். சின்னசாமியோ குடியும் குடித்தனமுமாக இருப்பவர். அன்பின் உருவாய் மூன்று குழந்தைகளையும், வளர்க்கின்றாள் பார்வதி. இந்நிலையில் சின்னசாமி இறந்துவிட, பள்ளிப்படிப்பை நிறுத்திவிட்டு குடும்ப சூழலை சுமக்கின்றான் இராமன். காலங்கள் நகர்கிறது. மூவரும் வெளியூரில் பணி அமர்த்தப்படுகிறார்கள். மறுபுறம் பார்வதி கஷ்டப்பட்டு சம்பாதித்த பணத்தில் ஒரு வீட்டை கட்டுகிறாள். இதைக்கண்ட சொந்தக்காரர்களோ “நீயோ கஷ்டப்பட்டு இப்பம் தான் ஒரு வீட்டை கட்டிடுக்க, ஆனா உனக்கோ 3 பிள்ளைகள். மூத்தவனின் கல்யாணத்திற்கு அப்புறம் இந்த வீட்டில் இருப்பாங்க. மீதி 2 பேரும் எங்க போவாங்க? அப்படியே மூவரும் ஒற்றுமையா இருந்தாலும் வரப்போறவ சும்மாவா இருப்பாள்” என வசை பாடினர். உடைந்து போன மனதோடு பார்வதி உடல்நலம் பாராமல் உழைக்கிறாள்.

ஒருநாள் மகன்கள் மூவரும் ஊருக்கு வருகின்றனர். மதியம் உணவு பரிமாற கொல்லப்பறும் சென்று வாழை இலையை அறுத்துவர சென்றவள் நெடுநேரம் ஆகியும் வரவில்லை. தாயைத் தேடிச் சென்ற மூவருக்கும் அதிர்ச்சி. அவளோ தரையில் நினைவின்றி கிடக்கிறாள். அனைவரும் மருத்துவமனைக்கு விரைந்தனர். பரிசோதித்த மருத்துவரோ “உங்க அம்மா புற்றுநோயின் 4-வது நிலையில் இருக்காங்க, என்ன மன்னிச்சிடுங்க. உங்க அம்மாவ காப்பாத்த முடியல” என கையை விரிச்சிட்டார். உடனே மகன்கள் மூவரும் தாயினைக் கட்டித் தழுவி அழுகின்றனர். அதில் ஒருவன் “ஏம்மா உன்ன நீயே வருத்திக்கிற, ஏம்மா எங்ககிட்ட ஏதும் சொல்ல” எனக் கேட்டு அழுதனர்; மௌனம் கலைந்த சரஸ்வதி மூத்தவனுக்கு கட்டிக் கொடுத்த மாரி உங்க 2 பேருக்கும் வீடு கட்டித் தரலான்னு 4 மாதமா கடுமையா உழைச்சு ஒரு நிலம் வாங்கினேன். அதுல ஒரு வீடு கட்டும் முன்னாடி என் உயிர் பிரிய போதே எனக் கத்தி அழுகிறாள் சரஸ்வதி. “அம்மா அப்படிலா சொல்லாத அம்மா” என தேற்றுகின்றனர் மகன்கள். இரண்டு வாரத்தில்

அம்மாவின் உயிர் பிரிகிறது. அவன் மடியிலே உயிர் துறக்கின்றாள் பார்வதி. அம்மாவின் மறைவிற்கு பின் சொந்த ஊரிலே மணம் முடித்துக் கொண்டு மூவரும் ஒற்றுமையாக வாழ்கின்றனர். தனக்கென வாழாமல் தன் மகன்களுக்காக வாழ்ந்தவள் பார்வதி.

பார்வதி மட்டுமில்லை, ஒவ்வொரு தாயும் ஒவ்வொரு பார்வதியாகவே, தன் பிள்ளைகளுக்காக தன்னை அர்ப்பணிக்கிறாள், “பெத்த மனசு பித்து, பிள்ளை மனசு கல்லுனு” பழமொழிக்கேற்ப பிள்ளைகள் தன் பெற்றோர்களை மதிக்காமல் ஆசிரமத்திலும், முதியோர் இல்லத்திலும் தள்ளுகின்றனர். அவர்கள் இன்றி நாம் இல்லை என்பதை எணர்வோம். எந்தவொரு பெற்றோரும் பிள்ளைகள் கெட்டுப்போக வேண்டும் என எண்ணுவது இல்லை. அவர்கள் சொல் “நெல்லிக்கனி” போல முன்பு கசக்கும், பின் இனிக்கும். அதைக்கேட்டு நடந்தால் நலம் பெறும் நம் வாழ்வு.

கன்னியாகுமர்

கன்னியாகுமரி என்பது இந்தியாவின் தமிழ்நாட்டில் உள்ள நகரமாகும். இது இந்திய துணைக் கண்டத்தின் தென்முனையாகும். இது இந்தியாவின் பிரதான நிலப்பரப்பின் தென்கோடியில் உள்ள நகரம். இது சில நேரங்களில் 'நிலத்தின் முடிவு' என்றும் குறிப்பிடப்படுகிறது.

சுற்றுலாத் தலம்:

இந்தியாவில் உள்ள ஒரு பிரபலமான சுற்றுலாத் தலங்களுள் தனிச்சிறப்புடையதாகும். திருவள்ளுவர் சிலை மற்றும் கடற்கரையில் உள்ள விவேகானந்தர் பாறை நினைவகம் மற்றும் ஒரு புனித யாத்திரை மையமாக உள்ளது.

கன்னியாகுமரி மாவட்டம்:

இந்தியாவின் தென்கோடியில் அமைந்துள்ள இம்மாவட்டத்தின் தலைநகரம் நாகர்கோவில் ஆகும். கன்னியாகுமரி மாவட்டத்தில் தமிழ் மற்றும் மலையாள மொழிகள் பேசப்படுகின்றன.

மக்கள் தொகை விகிதத்தில் தமிழகத்தில் இரண்டாம் இடம் வகிக்கின்றது.

ஐந்திணைகளில் நான்கு திணைகள்:

தமிழின் ஐந்திணைகளில் நான்கு திணைகள் (முல்லை, குறிஞ்சி, மருதம், நெய்தல்) ஒருங்கிணைந்த மாவட்டம். இம்மாவட்டத்தின் மேற்கில் கேரள மாநிலத்தின் திருவனந்தபுரம் மாவட்டமும், வடக்கு மற்றும் கிழக்கிலும் திருநெல்வேலி மாவட்டமும், தெற்கில் இந்தியப் பெருங்கடலும் எல்லையாக உள்ளது.

சுனாமி:

2004 டிசம்பர் 26 அன்று தென்னாசியாவையும், தென்கிழக்கு ஆசிய நாடுகளின் கடற்பகுதிகளைக் கடுமையாகத் தாக்கிய சுனாமிப் பேரலை இம்மாவட்டத்தையும் பெரும் பேரழிவிற்கு உள்ளாக்கியது.

ஓக்கி புயல்:

2017 நவம்பர் 29, 30, டிசம்பர் 01 ஆகிய நாட்களில் வீசிய ஓக்கி புயல் மாவட்டம் முழுவதும் பெரும்பாதிப்பை ஏற்படுத்தியது. பல லட்சக்கணக்கான மரங்கள் வேரோடு சாய்ந்து விழுந்தன.

விவேகானந்தர் நினைவு மண்டபம்:

1892-ம் ஆண்டு விவேகானந்தர் கன்னியாகுமரிக்கு வருகை தந்ததாகவும், அப்போது அங்கிருந்து நீந்தி சென்று பாறையில் தியானம் செய்ததாகவும் நம்பப்படுகிறது. இதன் காரணமாகவே விவேகானந்தர் நினைவு மண்டபம் அதே பாறையில் எழுப்பப்பட்டுள்ளது.

திருவள்ளுவர் திருவுருவச் சிலை:

1990 ஆம் ஆண்டு தொடங்கப்பட்டு சுமார் 10 வருடங்கள் அமைக்கப்பட்ட இந்த சிலை தமிழ் கூறும் நல்லுலகின் புகழை மற்றவர்களுக்கு பரப்பும் வகையில் அமைக்கப்பட்டுள்ளது. இதன் உயரம் 133 அடி ஆகும். திருவள்ளுவர் எழுதிய திருக்குறளின் மொத்த அதிகாரத்தின் எண்ணிக்கை இதுவாகும். அதனடிப்படையில் அதிகாரத்துக்கு பத்து என 1330 குறள்களும் உள்ளே பொறிக்கப்பட்டுள்ளது.

வட்ட கோட்டை:

வட்ட வடிவிலான கோட்டை என்பதால் வட்டகோட்டை எனும் பெயர் காரணப் பெயராக நிலைத்துள்ளது. இது கன்னியாகுமரிக்கு மிக அருகில் அமைந்துள்ள வரலாற்று சிறப்புமிக்க ஒரு கோட்டை ஆகும். இந்த கோட்டைக்குள் செல்லும்போது உங்களை யானை சிலைகள் வரவேற்கும். கோட்டைக்குள் கண்காணிப்பு அறை, ஓய்வறை, ஆயுத சாலை ஆகியவற்றையும் காண முடியும்.

இத்தகைய வரலாற்று சிறப்புமிக்க புகழ் வாய்ந்த இக் கன்னியாகுமரியில் வாழ்வது பெருமையாகவும், மனதுக்கு இன்பம் தருவதாகவும் அமைகின்றது.

சுழலியல் சுழல்

உலகம் எதிர்கொள்ளும் பல பிரச்சினைகளுக்கு அடிப்படையாக இருப்பது சுற்றுச்சூழலுக்கு ஏற்படுத்தப்பட்டிருக்கும் தாக்குதல். இதனை நாம் கடந்த அரைநூற்றாண்டிற்கும் மேலாக அறிந்திருந்தும், அதனை வழிப்படுத்த தேவையான நடவடிக்கைகளில் ஈடுபடாமல் இருக்கின்றோம். 1974-ஆம் ஆண்டு ஜூன் 5-ஆம் நாள் உலக சுற்றுச்சூழல் தினமாக கொண்டாடப்படுகின்றது. இன்றைய காலக்கட்டத்தில் சுற்றுச்சூழலை பாதுகாத்து, நமது வருங்கால தலைமுறையினரும் சுவைத்து பயன்பெற வேண்டுமென்ற நல்ல எண்ணம் இன்றைய தலைமுறைக்கு இல்லாமல் இருப்பது வருத்தத்திற்குரியதே.

2021-ஆம் ஆண்டு உலகச்சுற்றுச்சூழல் தினத்தின் கொள்கை வாசகம் சூழலியல் மீட்டெடுப்பு என்று அறிவிக்கப்பட்டிருந்தது. அப்படியானால் மீட்டெடுக்க வேண்டிய நிலைக்கு தள்ளிவிட்டோம் என்பதை ஒப்புக்கொள்ள வேண்டி உள்ளது. பருவநிலை மாற்றமும், காடுகளின் அழிவு, உயிரினங்களின் அழிவு, இனப்பெருக்க அச்சுறுத்தலோடு பல பிரச்சினைகள் உருவாகி இருக்கின்றன. குடிநீர் தட்டுபாடு ஒரு புறம் இருக்க சுத்தமான குடிநீர் தட்டுபாடு, காற்றுமாசு எனக் கேட்க செவி இருந்தால் பிரச்சினைகளை சொல்லி கொண்டே போகலாம். பிற உயிரினங்கள் தானே அழிகின்றன என்று மனித இனம் பெருமூச்சுவிட முடியாது. அழிவின் தாக்கம் நம்மையும் தழுவிக் கொண்டு தான் இருக்கிறது என்பதை இன்னமும் உணர மறுக்கின்றது நமது மனம்.

உலகெங்கிலும் காடுகள் அழிக்கப்பட்டு விளை நிலங்களாக மாற்றப்பட்டன, மாற்றப்படுகின்றன. ஒவ்வொரு நாளும் பல மடங்கு காடுகள் உலகில்

பலியிடப்பட்டு கொண்டிருக்கும். நாளடைவில் விளைநிலங்கள் வீட்டுமனைகளுக்கும் இன்னும் பல தேவைகளுக்கு விற்பனை செய்து வணிகம் பெருக்கெடுத்து ஓடி கொண்டிருக்கிறது. உதாரணமாக காடுகள் அழிக்கப்பட்டு தான் கன்னியாகுமரி மாவட்டத்தில் ரப்பர் தோட்டங்கள் உருவாகின என்பது அனைவரும் அறிந்ததே. பிற மாவட்டத்தில் இருந்து அரசு வேலை நிமித்தமாகவும், பிழைப்பிற்காவும் கன்னியாகுமரி மாவட்டம் வந்தவர்கள் அதன் சுற்றுச்சூழலின் மேன்மையை கருதி இங்கேயே நிரந்தரமாக தங்கி இங்கே வாழ்ந்ததாக பெரியவர்கள் சொல்லி கேள்விப்பட்டிருக்கின்றேன். ஆனால் இன்று எத்தனையோ நீராதாரங்கள் அழிக்கப்பட்டு ரயில் நிலையம், பேருந்து நிலையம் உருவாகவும், வணிக வளாகங்கள் கட்டவும் வீட்டுமனைகள் விற்பனை என வணிகம் கொடிகட்டிப்பறக்கின்றது. அதனால் போல வனப்பரப்புக் குறைந்து வருகின்றது. நம்முடைய பேராசையால் பல்வேறு உயிரினங்களின் எண்ணிக்கை சராசரியாக குறைந்திருக்கிறது. இன்னும் குறிப்பிட்ட சில அறிய உயிரினங்கள் முற்றிலுமாக அழிக்கப்பட்டிருக்கிறது.

ஆண்டுதோறும் ஏறத்தாழ 1.1 கோடி டன் நெகிழிப் பொருட்கள் கடலில் கொட்டப்படுகிறது. இதன் விளைவாக கடல் வாழ் உயிரினங்களுக்கு ஏற்பட்டிருக்கும் அழிவைப் பற்றி எழுத இந்த கட்டுரையின் பக்கங்கள் போதாது. இதைப் பற்றிய ஆய்வுகள் தொடர்ந்து கடல்சார் அறிவியல் ஆய்வாளர்கள் மேற்கொண்ட போதும் அதன் அழிவுகளை பற்றிய முழு தகவலோ, தரவுகளோ புள்ளிவிவரங்களோ நம்மிடம் இல்லை. கடல்நீர் வெப்பம் அதிகரிப்பதாலும் பல கடல்வாழ்

உயிரினங்கள் அழிந்து விட்டன. இன்னும் அழிந்து கொண்டிருக்கின்றன. நெகிழ்ப்பைகளை பொறுப்பில்லாமல் சாலையோரங்களில் வீசி எறிகின்றோம். அவற்றை உண்ணும் வாயில்லா உயிரினங்கள் நம் நாட்டில் தினமும் ஐந்து என்ற எண்ணிக்கையில் இறந்து போவதாக புள்ளி விவரங்கள் கூறுகின்றன.

மக்கள் தொகைப்பெருக்கம் அனைத்து பிரச்சினைகளுக்கும் ஆணிவேராக இருக்கின்றதோ அதைப்போல சுற்றுச்சூழல் பாதிப்பிற்கும்து வே காரணம். நமது நாட்டை பொறுத்தவரை வெகுவிரைவிலேயே (2024) உலகின் அதிகமான மக்கள் தொகை கொண்ட நாடாக உருவெடுக்கும் என்று ஆய்வறிக்கைகள் எடுத்து கூறுகின்றன. எனவே உலகளாவிய பாதிப்பின் பெரும்பகுதியை நாமே அனுபவிக்கப் போகின்றோம் என்பதில் எந்த ஐயமும் இல்லை. மக்கள் தொகைப் பெருக்கமும், அதனால் தேவைப்படும் கூடுதல் நிலப்பரப்பின் அவசியமும் விளைநிலங்களையும், வனப்பகுதிகளையும் ஆக்கிரமிப்பிற்கு உள்ளாக்கியிருக்கின்றன. இதனால் வன விலங்குகளும், பறவைகளும், புழு பூச்சிகளும் அழிவை நோக்கி நகர்கின்றன. பத்திரிக்கையில் யானை ஊருக்குள் புகுந்து அட்டகாசம் செய்தது, போன்ற செய்திகளை படிந்திருப்பீர்கள். உண்மை என்னவென்றால் யானை தான் கடந்து சென்ற பாதையை மறுபடியும் கடந்து செல்ல ஒரு வருடம் ஆகும். அப்படி கடந்து வரும் போது அந்த காட்டுப்பகுதிகள் சுவை மிகுந்த வாழை தோட்டங்களாக மாற்றப்பட்டிருக்கும். அதை பார்க்கும் யானை அவற்றை உண்ண சற்று விளையாடுவது இயல்பே. இதில் பாதிப்படைவது நாமாக இருந்தாலும் ஆக்கிரமிப்பு செய்த குற்றம் நம்முடையது என்பதை உணர மறுக்கின்றோம். உலகின் இயற்கை சமநிலையை நிலைநிறுத்த அவையெல்லாம் அவசியம் என்பதை நாம் உணர மறந்தாலும் அவ்வப்போது இயற்கை நமக்கு ஒரு பொறுப்புள்ள ஆசிரியராக இருந்து கற்று கொடுக்கிறது என்பதற்கு இரண்டாம் கருத்து இல்லை.

உலகம் பல முறை பேரழிவை எதிர்கொண்டிருக்கிறது. பிற அங்கத்தினர் பேரழிவை சந்திக்கும் போதெல்லாம் அதன் விளைவாக மனித குலமும் ஏதோ ஒரு வகையில் பாதிக்கப்பட்டு பேரழிவுக்கு உள்ளாக்கப்பட்டனர். மனித இனத்தின் தோற்றம், வாழ்வு, இடம்பெயர்ப்பு, பயணம் மற்றும் அழிவு போன்றவற்றை பற்றிய அறிவியல் ஆய்வு நூல்களை சுவைத்தால் இன்னும் அதன் அறிவார்ந்த கருத்துக்கள்

தங்களுக்கு தெரியவரும். தற்போதைய சூழலியல் பாதிப்பும் அதைப்பற்றிய விழிப்புணர்ச்சியோ, பொறுப்போ இல்லாத நிலையில் அழிவை நோக்கி வேகமாக பயணிக்கிறோமோ என்ற பயம் என்னுள்ளே ஏற்பட்டுள்ளது.

உலகில் ஆண்டுதோறும் லட்சக்கணக்கானவர்கள் காற்றுமாசால் பாதிக்கப்பட்டு உயிரிழக்கின்றனர். மனித சமூகம் என்று தனது உற்பத்தியை காந்தியடிகளின் கூற்றுப்படி அவசியத்திலிருந்து விலக்கி சந்தை பொருளாதாரத்திற்காக அதிக லாபநோக்கிற்காக மாற்றியதோ அன்றே இந்த பிரச்சினைகளோடு உறவாடவும் ஆரம்பித்து விட்டார்கள். பத்தில் ஒன்பது நபர்கள் அதிக அளவு மாசுபட்ட காற்றைத்தான் சுவாசிக்கின்றனர்.

தற்போது உலகை பயமுறுத்தி கொண்டிருக்கும் கோவிட் 19 கொள்ளை நோய் உட்பட பலவிதமான நோய்களுக்கும் சுற்றுச்சூழல் பாதிப்புக்கும் மிகவும் நெருங்கிய தொடர்பு உண்டு என்று மருத்துவர்களும், விஞ்ஞானிகளும் தொடர்ந்து வலியுறுத்துகின்றனர். சுகாதாரமாக செயல்படுங்கள், சமூக இடைவெளியை கடைபிடியுங்கள், முகக்கவசம் அணியுங்கள், கைகளை அடிக்கடி கழுவுங்கள் என்று பலரும் விளம்பரங்கள் மூலம் அறிவுறுத்துகின்றனர். ஆனால் எனக்கு கொரோனா வராது என்று கூறிக்கொண்டு சுற்றித்திரிபவர்கள் ஏராளம். இந்த நோயின் காரணமாக பல கோடி மனிதர்களை உலகம் முழுவதும் இழந்து விட்டோம். தீநுண்மிப் பரவலில் காற்றுமாசு மிகப் பெரிய பங்கு வகிப்பதாகவும் அதனால் சுற்றுச்சூழலுக்கும் கொள்ளை நோய்த் தொற்று காரணமான மரணங்களுக்கும் தொடர்பு இருக்கக் கூடும் என்பதும் அறிவார்ந்த சமூகத்தின் கருத்து.

ஒரு புறம் கொள்ளை நோய்த்தொற்றை மருத்துவத்துறையினர், காவல்துறையினர், தன்னார்வலர்கள் பணியாளர்களின் உதவியுடன் பிற நாடுகளின் நிதி உதவி மற்றும் மருத்துவ உபகரணங்களின் உதவியுடன் உலகம் எதிர்க்கொண்டு வருகிறது, என்றாலும் கூட இது போன்ற மோசமான கொள்ளை நோய் தொற்றுகள் மற்றும் பேரிடர்கள் மனித இனத்தை தாக்காமல் அழிக்காமல் இருக்க வேண்டுமானால், சூழலியல் மீட்பை நாம் அனைவரும் உலகளாவிய அளவில் மேற்கொள்ள வேண்டும். ஏற்கனவே ஏற்பட்டிருக்கும் பாதிப்புகளை சரி செய்து மேலும் பாதிப்பை ஏற்படுத்தாதவாறு சூழலியல் மீட்கப்பட வேண்டும் உதாரணமாக தூய்மையான சிங்கப்பூரை உருவாக்க முடியுமானால்

ஏன் தூய்மையான உலகத்தை உருவாக்க முடியாது. ஆம் நம்மால் முடியும். முயன்றால் முடியும் இதற்கு மாற்று ஏதும் இல்லை. இயற்கை சமநிலையை நாம் உறுதிப்படுத்த வேண்டியது காலத்தின் கட்டாயம்.

பல்லுயிர்ப் பெருக்கம் மேலும் மூடுவிழா காணாத வகையில் அதற்கான நடவடிக்கைகளை உடனடியாகத் எடுத்திட வேண்டும். பருவநிலை மாற்றம் சரி செய்யப்பட வேண்டும். அதன் மூலம் தான் பல உயிரினங்கள், மனித இனம் உட்பட இவ்வுலகத்தில் வாழ வழி உண்டு என்பதை உறுதிப்படுத்த முடியும். மனிதர்களால் ஏற்படும் பசுமை இல்ல வாயு வெளியேற்றத்தின் மூன்றில் ஒரு பங்கு, உணவு உற்பத்தித் துறையால் ஏற்படுகிறது என்று ஆய்வுகள் எடுத்துணர்த்துகின்றன. அதற்கு காடுகள் அழிக்கப்பட்டு கணிசமான அளவு நிலப்பரப்புகள் உழவு பயன்பாட்டுக்கு கொண்டுவரப்பட்டிருப்பது மிகவும் முக்கியமான காரணம். பெருகி வரும் மக்கள் தொகைக்கு பசியார உணவு வழங்கவும், ஊட்டச்சத்து மிகுந்த உணவு வழங்கவும், உணவுப் பாதுகாப்பை உறுதிப்படுத்தவும் ரசாயன உரங்களும், பூச்சி கொல்லி மருந்துகளும், நோய் தடுப்பு மருந்துகளும், களை கொல்லிகளும் அதிகமாக பயன்படுத்துவதும் கூட காரணிகளாக இருக்கின்றன என்பதை நினைவில் கொள்ள வேண்டும். எனது முனைவர் பட்ட ஆய்விற்காக கள ஆய்விற்கு

சென்றிருந்த போது ஒரு உழவர் சொன்னார் பணம் இருப்பதை பொருத்து ரசாயன உரம் இடுவேன் என்றார். அதிர்ச்சியாக இருந்தது. இதனால் செலவு அதிகரிப்பது மட்டுமல்லாமல் மனித உடல்களுக்கு இது தீங்கு என்பதை உணராத சமூகமாக நாம் உள்ளோம்.

இந்தியாவில் 1960-களின் மத்தியில் பசுமைப்புரட்சி அப்போதைய ஒன்றிய அரசாங்கத்தால் கொண்டு வரப்பட்டது. அதன் மூலம் நாம் போதிய உணவுத் தன்னிறைவையும், உழவர்களுக்கு அதிகபடியான மகசூலையும் உருவாக்கி தந்துள்ளது என்பது மறுப்பதற்கில்லை. அதிகபடியான ரசாயன உரங்களின் விளைவாக பல்லுயிரிபெருக்க பாதிப்பும், பசுமை இல்ல வாயு வெளியேற்ற அதிகரிப்பும் ஏற்பட்டிருப்பதை மறந்துவிடுகிறோம். உலகமே நம்மாழ்வாரின் விவசாய முறைகளையும், காந்தியின் கிராமப்புற விவசாயப் பொருளாதாரச் சிந்தனை களையும் செயல்படுத்த வேண்டும். அதுவே மனித சமூகம் கொண்ட மானுட வளர்ச்சியாகவும், மனித வாழ்வு சிறப்பு பெருவதற்கும் உதவும் கருவியாகவும் அமையும் என்று அறிவுறுத்தப்படுகின்றது.

அறிவிக்கப்படாத மின்வெட்டு போல
திடீரென வந்தவன் நீ!

நீ வந்ததால் ...

எங்கும் அமைதி! எதிலும் நிசப்தம்!

அகராதி தராத அமைதியை
உலகில் முதலில் தந்தவன் நீ!

"பாரத் பந்த்" கேள்விப்பட்டதுண்டு?

பாரையே பந்தாடிய உன்னை?

இப்போதுதான் பார்க்கிறேன்!

உலகையே வீட்டிற்குள்

பூட்டி வைத்தாய்!

முகக்கவசம் அணிய வைத்தாய்!

முகமூடி மனிதர்களாய் எம்மை அலைய விட்டாய்!

தடுப்பூசிக்காய் ஊர் ஊராய் ஓடவிட்டு இரசித்தாய்!

மிதிவண்டி முதல் வானூர்தி வரை ஓடாமல்

உலகையே ஸ்தம்பிக்க வைத்தாய்!

ஊருக்குள், வீட்டிற்குள், சொந்தப்பந்தத்திற்குள்
பேசவும் பழகவும் இடைக்காலத்தடை விதித்தாய்!

அதை இடை இடையே நீடிக்கச் செய்தாய்!

தான் பெற்ற குழந்தையைத்

தாய் கூட தொடுவதற்கு இங்கு தடை விதித்தாய்!

தீண்டாமைக்கு ஓர் புதிய அர்த்தம் கற்பித்தாய்!

மனிதர்களின் எல்லா கேள்விகளுக்கும்

நீயே பதிலானாய்!

மனிதர்களின் எல்லா பதில்களுக்கும்

நீயே கேள்விக்குறியானாய்!

காலப்போக்கில் அனைவருக்கும்
ஆச்சரியக்குறியுமானாய்!

எந்த பேதமுமின்றி

கொலையுதிர்களாய் உதிர்த்துப் போனவன் நீ!

ஒரே வீட்டில் பல நாட்களாய்

பேசாமல் பழகாமல் ஒருவரை ஒருவர்

புரியாமல் இருந்த உறவுகளை

வீட்டில் ஒன்றாக அமரச்செய்து

பேசவும், பழகவும் கட்டளையிட்டாய்!

மனித உயிர்களுக்கும் உறவுகளுக்கும்

புது அர்த்தம் கற்பித்தாய்!

நானோ தொழில்நுட்பமும் அதன் பயன்பாடுகளும்

நானோ தொழில் நுட்பம் ஓர் அறிமுகம்

அறிவியல் துறைக்கு சவாலாக சமீபத்திய தொழில்நுட்ப வரவே நானோ. நானோ ஏன்றால் மிகச்சிறிய என்று பொருள். ஒரு பெரிய கருவியின் பயன்பாட்டை அக்கருவியின் சிறிய உருவத்தின் மூலம் மிக எளிதாகவும், துல்லியமாகவும் செய்வது எனக் கொள்ளலாம். நானோ என்ற பெயர் கிரேக்க வார்த்தையில் இருந்து பிறந்தது. இதன் பொருள் மிகச்சிறியது. நானோ என்பது நூறு கோடியில் ஒன்று (10-9) நானோ தொழில்நுட்பம் (Nanotechnology) என்பது அணு, மூலக்கூறு அளவில் பொருள்களைக் கையாளும் தொழில்கலை ஆகும். இதன்படி நானோ தொழில்நுட்பம் என்பது குறைந்தது ஒரு பரிமாணத்தில் 1 முதல் 100 நானோ மீட்டர் அளவு வரை உள்ள நுண்ணிய பருப்பொருள் ஒன்றைக் கையாளும் திறம் கொண்ட நுட்பமாக வரையறுக்கப்பட்டது.

1959-ல் ரிச்சர்ட் பெஃய்மன் என்ற ஆய்வாளர் “The Plenty of Room at the Bottom” என்ற ஆராய்ச்சி கட்டுரையில் வெளியிட்டபோது அணுவின் மாற்றங்களை எதிர்காலத்தில் மாற்றலாம் என கூறினார். மேலும் மிகச்சிறிய அணுக்களில் அவற்றின் அமைப்பில் ஒரு சில மாற்றங்களை ஏற்படுத்தி அவற்றை வேறொரு தனிமாக மாற்றுவதோ அல்லது அந்த அணுக்களின் பண்புகளை மாற்றுவதை தான் நானோ தொழில்நுட்பம் என்கிறார்கள். இவை அனைத்தும் மிகச்சிறிய அளவிலேயே நானோ துகள்களில் தான் (Nano Particles) நடைபெறுகின்றது.

1980-ல் எரிக்கிரக்ஸ்லர் என்பவரால் பிரபலப் படுத்தப்பட்டது. மாலிக்குலார் எனப்படும் மூலக்கூறுகளின் அடிப்படையில் செயல்படுகிறது. மேலும் நான்கு படிநிலைகளைக் கொண்டது. பாஸில் நானோ ஸ்ட்ரக்சரஸ் (Passive Nanostructures) ஆக்டிவ் நானோ ஸ்ட்ரக்சரஸ் (Active Nanostructures) சிஸ்டம்ஸ் ஆப் நானோ சிஸ்டம் (System of Nanostructures) மாலிக்குலார் நானோ ஸிஸ்டம் (Molecular Nanosystem).

பாஸில் நானோ ஸ்ட்ரக்சரஸ் (Passive Nanostructures) முதல் தலைமுறையினருக்கான துவக்கமாகும். அதாவது கருவிகளைப் பயன்படுத்துவது. கடந்த 2005-ல் இரண்டாம் தலைமுறையான ஆக்டிவ் நானோ ஸ்ட்ரக்சரஸ் (Active Nanostructures) பல பயன்பாடுகளை மேற்கொண்டுள்ளது. 2011-ம் ஆண்டில் சிஸ்டம்ஸ் ஆப் நானோ சிஸ்டம் (System of Nanosystem), 2015-ம் ஆண்டிற்குப் பிறகு தற்போது வரை மாலிக்குலார் நானோ ஸிஸ்டம் (Molecular Nanosystem) பயன்பாட்டில் உள்ளது.

நமது முன்னாள் குடியரசு தலைவரும், பாரதரத்னா Dr. A.P.J. அப்துல்கலாம் அவர்கள் நானோ தொழில் நுட்பத்தை பற்றி கூறுகையில்,

“New Emerging Trend” of the introduction of “ecology” in scientific and technological innovations.

“Globally, the demand is shifting toward development of sustainable systems which are technologically superior. This is the new dimension of the 21st century knowledge society, where science, technology and environment will have to go together. Thus the new age model would be a four dimensional bio-nano-info-eco-based” he said.

While information and communication technologies, had already seen convergence, nanotechnology, “is the field of future that will replace micro electronics and many field with tremendous application potential in the areas of medicine, electronics and material science”.

கன்னியாகுமரி மாவட்டம், நாஞ்சில் நாட்டின் மூத்த விஞ்ஞானி நமது பத்மபூஷன் டாக்டர். A. சிவதாணுபிள்ளை அவர்கள், நானோ தொழில்நுட்பத்தைப் பற்றி கூறுகையில், “மருத்துவம் மின்னணுவியல், ஆற்றல் உற்பத்தியில் நானோ தொழில்நுட்பத்தின் பயன்பாடுகள், நானோ குழாயின்

(Nanotube) வலிமை வைரத்தை விட இரண்டு ஆயிரம் மடங்கு அதிகம் எனவும், இது ஒரு கடினமான பொருள் எனவும் கூறுகின்றனர். மேலும் சூரிய ஆற்றல் அமைப்புகளை சுமார் 15 முதல் 50 சதவிகிதம் வரை திறமையாக மாறக்கூடிய சக்தி வாய்ந்த தொழில் நுட்பம் இந்த நானோ தொழில்நுட்பம்” எனக் கூறினார்.

நானோ தொழில்நுட்பத்தின் பல்வேறு பயன்பாடுகள்:

இந்த தொழில்நுட்பத்தை பயன்படுத்தி மாசுக்களை தடுக்கலாம், உப்புநீரை நண்ணீராக மாற்றலாம், மருத்துவத்தில் புற்றுநோய், இருதய நோய், மூளைகட்டிகள் போன்றவற்றை குணப்படுத்தலாம். உடலியல் மற்றும் மருத்துவத்துறை நானோ கருவிகள், உடலின் சிறிய உறுப்புகள் மற்றும் செல்களோடும் தொடர்பு கொள்ளும் அளவுக்கு வடிவமைக்கப்பட்டிருக்கின்றன.

விவசாயத்திற்கு தேவையான உரங்களை தயாரிக்கவும் மற்றும் அலைபேசி மற்றும் திறன் பேசிகளில் பயன்படுத்தும் உதிரிபாகங்களை தயாரிப்பிற்கும் பயன்படுகிறது.

இத்தகைய பயன்பாடுகளை கொண்ட நானோ தொழில் நுட்ப கல்வி கன்னியாகுமரி மாவட்டத்திலேயே நமது தென் திருவிதாங்கூர் இந்துக் கல்லூரியில் மட்டுமே முதுகலைப் பட்டப்படிப்பாக உள்ளது என்பது பெருமைக்குரிய செய்தியாகும். மேலும் நானோவைப் பற்றியும் அதன் சிறப்பையும் பற்றியும் கூற பலக் கருத்துக்கள் இருக்கின்றன. ஒரு சில கருத்துக்களை இக்கட்டுரை வாயிலாக எடுத்துரைக்கப்பட்டுள்ளது.

பேராசை கொண்ட பணக்காரன்

நெல்லை நாட்டில் ஒரு சிறிய கிராமத்தில் அமுதா, மாலா என்ற இரண்டு தோழிகள் வசித்து வந்தனர். அந்த ஊரில் ஒரு சிறிய குளம் ஒன்று இருந்தது. அந்த குளத்திற்கு இருவரும் தினமும் செல்வர். அப்படி ஒருநாள் இருவரும் குளித்து விட்டு வீடு திரும்பிய போது ஒரு பாணை இருந்ததை கண்டனர்.

அதை கண்டவுடன் மாலா விரைந்து சென்று அதை எடுத்தாள். அப்பாணை பச்சை நிற ஆடையால் கவரப்பட்டிருந்தது. அமுதா மாலாவின் அருகில் வந்தாள். உடனே இருவரும் அதை பிரித்து பார்த்தனர். பிரித்து பார்த்தபோது அப்பாணைக்குள் மாணிக்கக்கற்கள் இருந்தது.

“ஆஹா! மாணிக்கக்கற்கள்” என்ற இருவரும் ஆச்சரியமாக பார்த்து ஒருவருக்கொருவர் முகம் மலர்ந்தனர். ஆனால் மாலாவின் மனதில் “இது யாருடையது; இப்பாணையின் உறவினர் யார்?” என்ற கேள்வி ஒன்று உருவானது. உடனே மாலா அமுதாவிடம் இப்பாணையின் உறவினரிடம் ஒப்படைக்க வேண்டும். உடனே செல்வோம் என்று இருவரும் கிளம்பினர்.

அவர்கள் சிறிது தூரம் சென்றதும் ஒரு பேராசைக்கொண்ட பணக்காரன் மாலாவின் கையில் பாணை இருந்ததைக் கண்டான். அப்பணக்காரனின் மனதில் “பொன்னா? பொருளா?” என்ற மோசமான எண்ணம் தோன்றியது. அதனுள் என்ன இருக்கும் என்ற பேராசையில் மிதந்தான். அதனால் இந்த பாணை இனிவரும் நாளில் நமக்கே சொந்தம் என்று பாணையை பறித்துவிட்டு ஓடினான். அவ்விரு பெண்களும் அவனுக்குப் பின்னால் ஓடி சென்று பணக்காரனை பிடிக்க முயன்றனர். பேராசையால் ஓடிக்கொண்டிருந்த பணக்காரன், அவன் செல்கின்ற பாதையில் ஒரு பெரிய பள்ளம் இருந்தது. அதை கவனிக்காமல் அவன் அப்பள்ளத்திற்குள் விழுந்தான்.

அப்பணக்காரன் “காப்பாற்றுங்கள் காப்பாற்றுங்கள்” என்று கத்தினான். அவ்விரு பெண்களின் காதில் இந்த அசரீர் கேட்டது. அவ்விரு பெண்களும் “யார் அது? நாம் அவரை காப்பாற்ற வேண்டும்”. கிட்டே சென்று பார்த்தபோது அங்கிருந்து அந்த பேராசைக் கொண்ட பணக்காரன். உடனே அப்பெண்கள் நீயா? நாங்கள் யாரோ என்று நினைத்தோம். நாங்கள் உன்னை காப்பாற்ற இயலாது. உடனே அவன் அப்படியொன்றும் சொல்லாதீர்கள்; நான் செய்தது தவறுதான்; என்னை மன்னித்து விடுங்கள்; இந்த பாணையை உங்களிடம் தந்துவிடுகிறேன்; இது எனக்கு கடவுள் தந்த தண்டனை; நான் திருடாவிட்டால் எனக்கு இப்படி நடந்திருக்காது. என்னை காப்பாற்றுங்கள் என்று கதறினான். உடனே அப்பெண்கள் இருவரும் மனம் மாறி சரி, நாங்கள் உன்னை காப்பாற்றுகிறோம். ஆனால் நீ மாணிக்க கற்கள் நிரம்பிய பாணையைத் தந்தால் மட்டுமே நடக்கும். அவன், நான் உங்களிடம் ஒப்படைத்து விடுகிறேன் என்று பாணையை ஒப்படைத்தான். அந்த பெண்களும் நீ செய்த தவறை ஒத்துக் கொண்டதால் நாங்கள் உன்னை காப்பாற்றுகிறோம் என்று காப்பாற்றினர். அவன் என்னை மன்னித்ததற்கு நன்றி! என்று கூறிவிட்டு சென்றான். அமுதாவும் மாலாவும் வரும் வழியில் ஒரு நபர் எதையோ தேடிக்கொண்டிருந்ததை பார்த்தனர். அவரிடம் சென்று எதை தேடுகிறீர்கள் என்று கேட்டனர். அந்த நபர் என்னுடைய பாணையை தேடுகிறேன் என்று கூறினார். இதுவா உங்கள் பாணை என்று கேட்டனர். ஆம்! இதுதான் என்னுடைய பாணை, நன்றி! அப்பாணையை எடுத்துவிட்டு மனம் மகிழ்ந்து சென்றார். அமுதாவும் மாலாவும் அப்பாணையை உரியவரிடம் ஒப்படைத்துவிட்ட மகிழ்ச்சியுடன் வீடு திரும்பினர்.

கருத்து: பேராசை பெரும் நஷ்டம்

My vision for TamilNadu is its development in all fields such as education, agriculture, infrastructure and eradicating malnutrition, discrimination, pollution, corruption, poverty and unemployment. So that there will be harmony among people and a high chance to make it a developed State in India.

Introduction:

India is my nation and it is a democratic country which has 28 states and 8 union territories, including my State Tamil Nadu. Tamilnadu is famous for its temples, festivals and celebration of arts. It is the southern most State of India.

Tamil Nadu is also known as the Land of Temples. Tamilnadu gives a colourful palette with its rich culture and beauty. Tamilnadu is my own state and my dream for its future is as follows:

My Dream Chief Minister

The Chief Minister of my state must be an educated, intelligent and well-talented person. To become the Chief Minister of Tamilnadu the candidate should be qualified through an examination conducted by State/Central Government. Only such qualified person should get a nomination for the election and then the best man will be elected by the public.

There are several departments that comes under the control of Chief Minister and each department has an individual Minister. Each and Every minister must have a minimum of five years experience in their respective department which comes under their control, because:

“A Perfect Leader makes the
World perfect.”

So if the above system of selecting the leaders is implemented, then we can have a good rulership. So when the ruler is perfect the state can also be perfect.

Green Land -> Tamil Nadu
"Farmers work in acres,
Not in hours"

Tamilnadu has a numerous vast stretch of greenlands i.e.: agricultural land but comparing to the past, the agricultural lands have decreased and are converted into buildings such as factories, schools, apartments, houses etc. So the government should introduce a new system the agricultural land can be used only for agricultural purposes. Even, when the owner of the land is willing to sell the land he must sell it only to the buyer who needs it for agriculture and it must be strictly followed and verified by the officials of the concerned agricultural department and registration department. By doing this we can save the remaining agricultural land for ever. The benefits introduced for the farmers by the government must be received by each and every farmer. To develop the agriculture land, proper irrigation facilities should be provided for the farmers by the government.

Pollution free State:

Smoke represents the pollution we inhale in our daily life through vehicles, factories etc. to reduce

the pollution rate atleast to 75%, we can introduce the Battery Car System. The battery cars must be chargeable like our mobile phones and Laptops. So by introducing the 'battery car system' my state will become smokeless in future. Pollution also occurs by burning wastages, plastics etc. So to avoid this we can use the mini burning machines even at homes. So by introducing the above such methods in future my state will become a smoke free place.

Employment for Everyone:

In olden days, the employment office had played a major role in making a man employed. But now a days, it is a competitive world where people get employed only when they succeed in competitive exams and interviews. My dream for TamilNadu is that the government must provide job opportunity only for Tamilians for the recruitment within Tamilnadu. So our tamilians will be employed as per their talents. Our government should provide proper training for each and every student who are competing in the recruitment exams.

Conclusion:

We must utilize the digitalization method in all Government Departments and it can improve the effectiveness of work and by following the system mentioned in above subtopics my Tamilnadu will become the first and the best state in India.

WOMEN EMPOWERMENT

Women's Empowerment becomes complete when they realize their self worth, their ability to determine their own choices and their right to influence social change for themselves and others. Women's empowerment and promoting womens' right have emerged as a part of a global phenomenon and is continuing to break new grounds in recent years.

Women empowerment is all about making women both socially and financially independent. Further, providing proper education to a girl child is the main agenda of women empowerment. Empowered women can contribute to nation-building by joining various sectors. Women have more things to explore and achieve in this world than her family bound responsibilities. Right to re-marriage and to have a family is the birth right of all human beings. Though we are in 21st century, still many widows are frightened even to think about the concept of Re-marriage. This situation should change. Society and family of those women should encourage them to start a new life rather than pitying them.

Education is the best light that can instill self-confidence and respect for woman in the society. Education empowers women to make right choices for their welfare, thereby boosting their survival skills. It also enables them to speak for their rights and raise voice against any harassment.

**"WOMEN NEED NOT BE PROTECTED...
BUT
NEED TO BE RESPECTED"**

TRI FORCE

If you hadn't walked on the thorn,
We would not walk on the road.
If you hadn't slept in the hill,
We would not sleep in our house.
If you hadn't worn the rucksack,
We would not wear the smile in our face.
If you hadn't fought with the sea,
We would not swim in the pool.
If you hadn't killed your own happiness,
We would not see the real happiness.
If you hadn't went above the air,
We would not even breathe.
If you had worried about your life,
We would not live a peaceful life.
If you had worried about your family,
Thousands of families will not be there.
Each drop of blood from your body
Brings tears from our eyes
Either you hoist the tricolour or else
You are wrapped in it, but you are still
Alive in the heart of the Indians.
We bear you at our heart
Each and every second of our life
Jai Hind !!!!!

Don't wait for time, make it
Don't wait for love, feel it
Don't wait for money, earn it
Don't wait for the path, find it
Don't wait for opportunity, create it
Don't compare, be unique.
Don't fight misfortune, transform it.
Don't dwell on mistake, learn from it.
Don't run from life, embrace it.

The World is in Our Hands - Smart Phones

Over the past decade, technology has become better and our lifestyles have changed. During this period, our smartphones have also been fashioned to support our more modern lifestyles. Our smartphones have become an extension of ourselves. We use them to communicate with others, search for things online, and save important moments by taking photos and videos.

It's mind-blowing to think that a lot of us regard smartphones as essential, everyday item. However, looking back at how technology improved over time and how people's lifestyles evolved during the past decade, it's easy to see why. Back then, smartphones were mainly used to make and receive calls, messages and emails. Within the past 10 years, however, many great strides were made to further enhance a smartphone's functionality to match our current living environment. Here are some ways smartphones have changed our lives in the past decade.

Even though you can physically go to the bank to make transactions, mobile banking through your smartphone makes things easier. The great thing about mobile banking is that you no longer have to

wait in line to finish your banking errands. Just make sure that you have a reliable internet connection. Nowadays, people buy all things using smartphones - Online shopping. By downloading e-commerce apps like Amazon, Lazada in your smartphone, you can easily help you shop far groceries, clothes and other merchandise from the comfort of your house. Payment is also done on Internet. So there is no need to worry anything. Thanks to the Google Play Store and Apple App Store. You can keep yourself entertained for hours by downloading Netflix, Disney+plus and many more. It can be difficult to imagine that your smartphone is capable of improving your self-care practices. You can get yoga and meditation apps that can show you how to take advantage of such practices every day.

Today, smartphones allow you to do so much more than making and receiving calls, texts, emails. It's the one device that connects us to the world - and the world to us.

MOTHER OF MERCY

Let you be as emotionless as a stone,
Am still in love with you as an ant.

Let you be as rude as a lion,
Am still in love with you as its cub.

Let you be speechless as a dumb,
Am still in love with you as silence.

Let you fail to show your feelings as hills,
Am still in love with you as winds and clouds.

Let you be a nonsense as an Insane,
Am still in love with you as God.

Let your charm fade as old painting,
Am still in love with you as the colours in it.

Let you hate me and thrash me,
Am still in love with you as a dog.

Let you lose all your strength and
become as feeble as an old man,
Am still in love with you and never
leave you as your shadow.

Whatever you be, let you be,
But I am still in love with you.

Because, My womb started loving you,
Even as a shapeless child.

Is India less innovative

Being one of the oldest civilizations with a rich cultural heritage, Indian civilization has a strong tradition of imparting knowledge, science and technology. India has been proactively contributing to the field of science years before modern labs were set up. Charak, Susruta, Bhaskaracharya, Aryabhata, Chanakya, Panini, Thiruvalluvar, Sir C V Raman, Srinivasan Ramanujan contributed for the growth of our country. But the renaissance and scientific thinking were more popularised in the west and the imperialistic policies of colonizers staggered the growth of India in all fields from the onset of 17th century.

Today we have the well-trained manpower available at competitive costs. As a result, many Multi National Corporations (MNCs) have shifted their R&D base to India. These bases either manufacture products or aid the parent company overseas in innovating products faster to global markets. Nearly a total of 25 innovation centers present in India are the top innovation destination in Asia and second in the world for establishing new innovation centers. Recently, in the Global Innovation Index (GII) 2022, India stands in 40th position out of 132, from 81 in 2015 released by World Intellectual Property Organization (WIPO) and the theme for 2022: “What is the future of innovation-driven growth?”

The GI 2022 also outlines the positive effects of two novel innovation in India, a digital age innovation wave built on supercomputing, artificial intelligence, and automation and a deep science innovation wave built on breakthroughs in biotechnologies, nanotechnologies, new materials, and other sciences. To further strengthen innovation, the National Education Policy 2020 was introduced which promoted the spirit of enquiry by setting up incubation & technology development centers. More than 9000 Atal

Tinkering Labs were set up to develop solutions to society’s problems by youth. India has also made structural reforms to strengthen its Intellectual property rights (IPR) regime including modernization of IP offices, reducing legal compliances and facilitating IP filing for start-ups, women entrepreneurs, the small industries and others. Also, according to the Commerce and Industry Ministry, the total number of patent filings in India has gone up from 42,763 in 2014-15 to 66,440 in 2021-22 due to the measures undertaken by the Indian government to strengthen Intellectual Property Rights (IPR) regime of the country. Domestic filing of patents also made a 46% growth in the last 5 years.

Owing to the magical number of patents filed by Indian researchers, India has become a favorable destination for market innovations and new business ideas as the world seeks practical, frugal solutions at competitive costs. For instance, low-priced electrocardiograph - designed and manufactured in India - by GE healthcare is in demand not only in India but also in countries like US.

Yes, India is in a long run to become a leader in developing cutting-edge, path-breaking and innovative technologies, India has begun to clear its path by establishing an ecosystem that fosters innovation. COVID-19 compelled for the adoption of new technologies. In India too, the pandemic led to the emergence of several path breaking ideas.

In India, intangible assets like patents and trademarks filing process require complex paperwork and also face technical glitches. According to the Economic Survey 2021-22 of India, the average pendency for final decision in acquiring patents in India is 42 months as of in 2020. This is much higher than 20.8, 20, 15.8 and 15 months respectively for the USA, China, Korea and Japan. India has reduced average

pendency for final decisions in acquiring patents from 64 months in 2017 to 52 months in 2019 and further to 42 months in 2020.

In India, the amount of funding received through venture capital has risen from Rs 4 billion to Rs 1,327 billion in the last two decades. Venture capitalists' investments have moved away from early stages to later stages worldwide. This can be demotivating to a young and aspiring entrepreneur who has innovative capacity but not the money. This is where the government can step in. This can be in the form of reducing capital gains tax, higher spending on R&D, accelerating administrative processes, providing seed funding, etc.

Research should also be done to the demands of the industry. It is observed that there is a clear mismatch between what is taught at the university level and what is required at the industrial level. This can be resolved by bringing academia and R&D in parallel lines. India's young population is one of its biggest assets. But most Indians are reluctant to risk, which is tied to the fear for failure, making it difficult to generate innovative ideas or promote existing ones. In the absence of adequate support - moral, financial, and other - our youth migrate to other countries. Therefore, India should prevent brain drain by providing them adequate support and utilize their energy which would be healthy for research and innovation in India.

There exists a fear that adopting new and innovative technologies would displace labour from the market. However, this is not always true as, innovation has the capacity to generate new jobs as well. Analysing data for pharma, transport, ferrous metals, and textiles for the period 2000-01 to 2013-14, showed that there exists a positive relationship between innovation and employment. In fact, it is suggested that innovation is the factor that would drive long-term growth and employment.

Moreover, A right balance between labour laws that doesn't compromise on labour standards promotes an environment that is conducive to nurture innovation that one should strive for.

In India, Funding in Research is insufficient. Moreover, smarter investments are not made. In a

country like India where there are bigger issues - such as hunger, disease control, and raising the quality of life - to contend with, resources are often diverted towards tackling them. However, it can be argued that these pressing concerns shouldn't be viewed as a barrier; rather than an opportunity to widen the ambit of R&D. Research should come up with solutions for such issues. Low private participation is one of the key hindrances in India's overall low R&D expenditure.

After Sir C V Raman only four Indians were honoured with Nobel Prize in various fields. But one thing remains common in them; they are not the permanent residents of our country. Whether the research fraternity of our country should really be proud and get inspired of them?

Internet Addiction: A Social Challenge

“Internet Addiction is a slow poison to Intellect” - Gulraj Khan

Introduction

We are living in an era of enterprise, innovation and value creation society. In the post-Covid mahamari period using technology and online resources have become a necessity all over the world. Technology helped dissemination of knowledge over an inside spectrum. This is very useful for enabling access and equality for the entire education sector. The Internet is one of the online resources to open the doors of the teaching-learning process involved with the younger generations. The Covid lockdown period witnessed internet usage which zoomed very high. Internet usage for connecting people in a wide network has become an addiction. The negative impact of internet addiction is obvious in their emotional instability, loneliness, depressive mood, inactivity and lack of confidence among the younger generation.

Internet Addiction

Internet addiction is defined as an unhealthy behaviour that interferes and causes stress in one's personal behaviour involving a computer and mobile technology. It is considered as an addictive disorder expressed in the form of tension and depression.

Types of Internet Addiction

Internet addiction appears to have the following types.

Net Compulsions

Net compulsions refer to online activities like gambling, auctioning, shopping and trading stocks.

Relationship Addiction

Relationship addiction is characterised by cravings and a loss of control when it comes to being in a relationship with a specific person. Like addicts, people with relationship addiction seek feelings of euphoria and gain intense, chemical reactions which gets released while in pursuit of a relationship.

Compulsive Information Seeking

It involves an uncontrollable urge to gather and organize data. In some cases, information-seeking is a manifestation of pre-existing, obsessive-compulsive tendencies. Commonly compulsive information-seeking can also reduce work productivity and potentially lead to job termination.

Computer or Gaming Addiction

Video game addiction is the compulsive or uncontrolled use of video games in a way that causes problems in other areas of the person's life. Gami disorder is defined in the 11th revision of the international classification of disease (ICD - 11) as a pattern of behaviour.

Immoral Addiction

Immoral addiction is one of the more self-explanatory internet addictions. It involves online pornography, adult websites, sexual fantasy and adult chat rooms. An obsession with any of these amenities can be harmful to one's ability to form real-world sexual, romantic or intimate relationships.

Symptoms of Internet Addiction

- Have mood swings
- Fully focusing on the internet and digital media
- Unable to realize the time they spend on digital media.
- In need of much time
- Showing withdrawal symptoms while not using the internet
- Being aggressive
- Memory and concentration loss
- Lack of confidence

- Lacking the presence of mind
- Suicidal tendency
- Over thinking, nervous problems
- Lack of interest in the studies

Effects of Internet Addiction

Many internet addicts develop anxiety issues and depression. Body pain, carpal tunnel syndrome, insomnia, vision problems and weight gain and other physical problems. Emotional effects may include depression, dishonesty, social isolation, aggression and mood swings. This hampers their personal and professional growth.

Conclusion

We need to remember that internet addiction is a serious issue. Compulsive internet usage

completely dictates a person's life. It is predicted that around 330 million people suffer from internet addiction, in October 2022. It affects not only the life of youth but also the development of the nation. As teachers, we should make students indulge in group activities and promote creativity, exploratory and exciting health activities. This will help students spend more time with the people around them and less time on the internet and advise them to use the internet as a 'choice' and not a 'compulsion'. Above all recently, our Honourable Prime Minister made a painful statement that "internet and drug addiction are affecting our youth more than the coronavirus".

Will you be Mine?

You are the missing piece,
The one I've been searching for, without cease.
With you by my side, I feel whole,
And know that together, we can conquer any goal
From the moment I met you, my heart knew,
That you were the one, my forever and true.
With every smile, every laugh, every kiss,
I know that our love is a treasure I don't want to miss.

So I'm down on one knee, with this ring in hand,
Asking you, my love, to be my better half and stand
Together, let us build a life filled with love,
And create a future that is brighter than stars above.

Will you be mine, my love, my heart, my all,
And spend forever with me, standing tall?
Together, let us chase our dreams and conquer all,
And make a lifetime of love, starting with this answer
of "I will"

Love you from the bottom of my Heart.

Solar System

The Solar System is the gravitationally bound system of the Sun and the objects that orbit it. All light planets have nearly circular orbits that lie near the plane of Earth's orbit called the ecliptic. There are also unknown number of smaller dwarf planets and innumerable smaller solar system bodies orbiting around the sun. Mercury is hot, but not too hot as ice. Perhaps, doesn't have any moon and we aren't sure about it. Mars had a thicker atmosphere in the past. Jupiter is a great comet catcher. No one knows how old Saturn's rings are. Neptune has supersonic winds.
